**Subject:** your FOIA request

Hello, Mr. Gordy:  
I am in receipt of your request for the following:

Copies of all comments or any other input received in response to EPA Region 9's " San Fernando Valley Area 1, North Hollywood Operable Unit - Request Comment on Proposed Plan to Amend Groundwater Remedy" (May 2013). The public comment period for this request was May 13, 2013 to June 13, 2013.

Upon request, EPA extended the public comment period to July 11, 2013, so at this point, I have received very few comments that I can send to you. The only comments were received during the public meeting. The transcript is attached.

Please let me know if you need anything else.

As a note, for the future, if you would like to obtain the rest of the comments that come in during the public comment period, you d not need to send another FOIA request, they will be made publicly available. Once we finalize the Record of Decision, we include all the comments, as well as our response to the comments, which is then posted both on our website as well as sent out to the document repositories. A notice of availability is posted in the paper as well. I expect this will occur sometime this fall.

Regards,  
Kelly Manheimer
